

# Quick Reference Guide: *My Allocations and Payments* information product

This quick reference guide provides tertiary education organisations (TEOs) with information about the data in the Ngā Kete *My Allocations and Payments* information product, and how to navigate it. It is designed to be used as a reference when you have My Allocations and Payments open.

My Allocations and Payments is an information product in Ngā Kete. It shows a TEO's allocations across multiple funds and years, including on-Plan, off-Plan and Fees-Free.

It will support your business planning, inform funding conversations with the TEC, give early visibility of potential recoveries, show milestone reports required in order to be paid, and help you plan cashflow.

# My Allocations and Payments data, filters and navigation

#### Navigation

The first icon allows you to see the My Allocations and Payments overview sheet.

The second icon allows you to export the sheet to pdf.

#### Moving between sheets

Click on the menu button to select the sheet available in either grid or list format, or use the arrow heads to move between sheets.

#### Filters

Use filters to refine the view.

Any filters that have been applied will show in the selections box at the top of the sheet. If no filters have been applied, the words 'No selection applied' will display.

Standard filters are available on all sheets for year, fund, TEO and TEO type. You can also filter where the magnifying glass is displayed.

F	Filter icons

	<b>~</b>	confirm your selection									
	×	cancel a selection									
	0	clear all selections									
4	60	step back to selections you have used									
	2	step forward to selections you have used									

# **Fund filter**

The fund filter lets you view different levels of detail within a fund. Once you have selected a fund, click the Fund filter again to view to the next level of detail.

# Drill down

Click on the plus sign (+) for a more detailed breakdown of the data.

# Data

- > Data is updated each weeknight, so it is always current
- > Indicative allocation and amendment data is from 2018 onwards
- > Other allocation and payment is from 2018 onwards
- TEO forecast data is updated from SDR and workspace2. All other forecast data comes from SDR and Workspace 2
- > Funded value commitment comes from TEO Mixes of Provision (MoPs)
- > A dash in a table indicates no data, a \$0 indicates there is data that sums to zero.

# **Graphs and tables**

You can hover over bars or data points on a graph to see the underlying data. Clicking on the bar or data point will then apply the filter as a selection to your whole graph.

Right click on any graph or table and you will see these icons.

- > The first icon is the exploration icon to expand and format your graph.
- > The second icon allows you to expand the table or graph to full screen.

# **My Allocations and Payments app sheets**

#### **Public sheets**

Public sheets are made available to TEOs and other agencies who have access to the app.

This sheet tells us what you will see in My Allocations and Payments app and things to note.

#### Summary

This sheet shows TEO's total indicative allocations, final allocations, amendments, current approved allocations and wash-ups. This is then broken down by funds (including Fees-Free) in the 'Allocations by Fund' table showing Initiative and Initiative breakdown, funded value commitment and value of delivery.

#### Information about this sheet

- > Current approved allocation is the final allocation plus amendments.
- > The funded value commitment comes from the MoP.
- > Allocation data goes back to 2008.
- > Wash-ups relate to the selected year (if a year has been selected)
