

Quick Guide Tertiary ACE Provision App

This app explores provision and demographic data associated with ACE funds submitted through the SDR and Workspace 2 (WS2). The app displays Tertiary Education Organisation (TEO) delivery based on expected values reported. Volume of delivery is given in hours, EFTS and number of learners.

Examples of what you can discover

- See trends over time.
- See 'ACE in TEIs' delivery by NZSCED and NZQF level.
- See delivery by focus area and priority group.
- Compare 'expected' with 'actual' delivery.

Things to note

- SDR data is from 2003 and WS2 data is from 2016 onwards.
- In 2018 'Emergency Management' and 'Search and Rescue' were reported through the SDR. From 2019 onwards this reporting has been through WS2.
- Delivery can be seen in hours, EFTS or number of learners. An EFTS is approximately equivalent to 1200 hours This conversion is approximate and should not be used for funding and recoveries.
- The fund 'ACE in Communities' has been split into the initiatives 'ACE in Communities' and 'ACE in Schools'.
- Volume and value of delivery is based on 'expected delivery' from the WS2 templates.
- The funds reported through the SDR are at NSN level but funds reported through WS2 are aggregated.
- The number of Māori learners by iwi is applicable to 'ACE in TEIs' for all years and for 'Emergency Management' and 'Search and Rescue' in 2018.
- Secondary focus is not reported for 'ACE in Communities' and 'ACE in Schools'. Primary priority provision is not reported for 'Emergency Management' and 'Search and Rescue'.
- For privacy reasons all indicators are suppressed if the number of learners are 5 or below.
