Tertiary Education Commission Te Amorangi Mătauranga Matua

# **Quick Guide** My Industry Training Delivery and Offsets App

This app uses the Industry Training Register (ITR) enrolment data to provide a picture of delivery and offsets for enrolments in industry training.

### Examples of what you can discover

- See trends in delivery and offsets over time.
- See the status of enrolments at the end of each month.
- Breakdown the under-achievement offset calculation to individual NSN.
- See details of the average duration calculation by programme and year.

#### Things to note

- Enrolment data is from 2011 onwards.
- ITOs who merged, and continued to report to the ITR using their old EDUMIS numbers have had their data merged for this app.
- Recovery and offset dollar amounts are estimates, and do not take into account any discretionary adjustments. Final recovery documents provided by TEC is the official record of recovery and offset amounts.
- For 2011 to 2013, the under-achievement offset was applied at the enrolment level, and can be shown in charts. From 2014 The under-achievement offset was applied at a TEO level, and cannot be shown in charts.

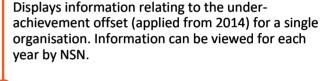

Displays delivery and offsets over time by fund.

Information can be viewed for selected

organisations, by fund, year, and month.

#### Information provided by each sheet

Displays approved allocations, delivery, and offsets over time. Information can be viewed for selected organisations by year and month, but underachievement and recovery information can only be viewed for a single organisation at a time.

Detailed data showing learner records used in the under-achievement calculation for transparency and reconciliation purposes.

## **Data Definitions**

Take a look at the data definitions sheet in the app for more information on the following fields:

- Adjusted value of delivery (\$ ex GST)
- Adjusted volume of delivery (STMs)
- Average actual duration offset value (\$ ex GST)
- Average actual duration offset volume (STMs)
- Capped under-achievement percentage
- Estimated recovery (\$ ex GST)
- Estimated final funding (\$ ex GST)
- Over enrolment offset value (\$ ex GST)
- Over enrolment offset volume (STMs)
- Percentage of learners who did not achieve 10 or more credits in year
- Under-achievement offset value (\$ ex GST)
- Under-achievement offset volume (STMs)
- Value of delivery (\$ es GST)
- Volume of delivery (STMs)
