Infosheet: *My Funding Conditions* information product

This infosheet provides tertiary education organisations (TEOs) with key information about the new Ngā Kete *My Funding Conditions* information product.

We have developed *My Funding Conditions* to support shared monitoring of compliance with funding conditions.

The *My Funding Conditions* information product is part of the growing suite of monitoring and performance tools

You can access the *My Funding Conditions* information product via Ngā Kete. The information product supports engagement between us on **Youth Guarantee** and **Student Achievement Component (SAC) levels 1 and 2** delivery volumes, and compliance with certain funding conditions, by:

› ensuring we are looking at the same information
› providing detailed delivery and compliance views, and
› making it easy for you to ensure data accuracy for reporting.

We are increasingly sharing data through Ngā Kete to ensure a common view of delivery and performance between TEOs and ourselves. This makes it easier for everyone to learn from the data we collect. Over time we will phase out other ways of providing data.

Use the *My Funding Conditions* information product to understand your compliance and delivery

You can access and explore the Single Data Return (SDR) data used to calculate your delivery and compliance.

The *My Funding Conditions* information product shows:

› compliance with funding conditions over time by source of funding
› delivery volume compared to commitments to in your Mix of Provision
› NSN level information to identify the source of any non-compliance, and
› funding conditions, by year, from 2017.

Monitoring your delivery and tracking compliance

We will use this information product as part of monitoring and assessing your delivery and compliance with our funding conditions.

When you discuss your delivery and compliance with us, our analysis will be based on the *My Funding Conditions* information product.

How to get the most value from our information products

Access to our information products is via Ngā Kete. The information products will be the only way to access your commitments, performance, and delivery data. Please refer to http://services.education.govt.nz/education-sector-logon/access/tertiary-sector on how to update your education sector logon to gain access to Ngā Kete.

We recommend you familiarise yourself with your data as it appears in the *My Funding Conditions* information product. The information product will always hold the latest data you have submitted through the SDR and reported to NZQA.

The *My Funding Conditions* information product focuses on delivery and compliance with your funding conditions. It is intended to be used alongside our other Ngā Kete information products.

Questions?

If you need help accessing the *My Funding Conditions* information product, please contact our Sector Helpdesk:
