Dear John

**Determination of Design of Funding Mechanism: “Equity Funding”**

I am writing to advise you of a new funding determination made under section 159L of the Education Act 1989 for Equity Funding.

The new determination is set out in the appendix to this letter, and comes into effect on 1 January 2015.

The policy parameters for Equity Funding in the new determination are unchanged from those in the current determination. However, the new determination requires the Commission to set reporting requirements for institutions in relation to students with disabilities, rather than participation and achievement performance measures. I expect this to increase the breadth of reporting that the Commission receives from institutions in relation to their use of equity funding for students with disabilities.

Under section 159O of the Act, it is the Commission’s responsibility to develop the operational policy and practices needed to implement my determinations of the designs of funding mechanisms. I expect that the Commission will set appropriate measures as part of its Statement of Service Performance in order to report to me on its performance in giving effect to this determination.

Yours sincerely,

Steven Joyce
Minister for Tertiary Education, Skills and Employment

PART TWO: FUNDING CONDITIONS

Conditions that the TEC must attach to funding

14. The TEC must impose the following specific conditions on funding provided to each TEO under this funding mechanism.

*Responsible use of funding*

15. The TEC must attach to funding a condition that a TEO that receives equity funding under this funding mechanism must use the funding:

   a. lawfully, responsibly, and for the purposes for which the funding is provided; and
   b. in a manner consistent with the appropriate use of public funds.

*Recovery of over-funding*

16. The TEC must attach to funding a condition that if a TEO receives equity funding under this funding mechanism that is greater than it should have been, or that it was not entitled to receive, the TEO must treat the amount of the over-funding as a debt due to the Crown that:

   a. is repayable on demand; and
   b. may be set-off against all or any funding, or any sum of money payable by the TEC to the TEO.

17. The TEC must provide the TEO with reasonable notice before exercising its right to demand repayment or set-off the debt against all or any funding.

18. In the case of a TEO located in Canterbury, the TEC may waive in full or in part the debt repayable by the TEO due to over-funding if the TEO has been significantly affected by the earthquake of 22 February 2011 (or subsequent aftershocks).

*Repayment of funding following revocation of funding approval*

19. The TEC must attach to funding a condition that if, in accordance with section 159YG of the Act, the TEC suspends or revokes some or all of a TEO’s funding paid under this funding mechanism before that funding has been used or contractually committed towards the purposes for which that funding was provided, then the TEO must treat the unexpended or uncommitted portion of the funding as a debt due to the Crown and is:

   a. repayable on demand; and
   b. may be set-off against all or any funding, or any sum of money payable by the TEC to the TEO.

*TEC administrative responsibilities*

20. If a TEO receives funding under this funding mechanism that is less than it should have been, or that it was entitled to receive, the TEC must treat the
amount of the under-funding as a credit and pay the amount of the under-funding as soon as reasonably practicable.
